Glenn - thanks. Sounds like a good plan.

Spoke with Michelle RWQCB. We're putting a plan together for a joint inspection. Facility and RB most likely available late next week or following. According to all data and knowledge (by RB and County Health) and our own Drinking Water program, there is no "immediate" public risk or adverse environmental harm affected. Michelle suspects the large issue is still with air nuisance laws. More details to follow.... I will put in my GovTrip travel plans as soon as I get firm date from Michelle.

Glenn
